First of all, it can be Great Fun learning to play music!

The social aspect of attending a music class, can greatly enhance the overall mental and physical well-being of a person, regardless of age, but especially for retirees. Music lessons can bring a sense of purpose and a great sense of accomplishment. Plus, learning music is a challenge with mental benefits ... keeping your mind active is very important to your health.

The fact is, it's never too late to learn music and make new friends at the same time !
